

Knapstein

VADA

Oberfläche

- Laton mate
- Laton pulido-mate
- níquel

Technical details

País de la Fabricación	 Alemania
fabricante	Knapstein
diseñador	Knapstein
protección	IP20
Volumen de suministro	LED 230 Volt
entrada de tensión	110 - 240 Volt
Proyección en cm	44
material	latón, vidrio
base/portaámparas	G9
conmutabilidad	en el soporte de pared
Alimentación (máx. Watt)	7 Watt
cabeza del alumbrado masa	5 cm, altura 9 cm
reemplazo de la bombilla:	en el sitio mismo
Montaje en pared Dimensiones	7 cm

Descripción

The Knapstein VADA wall lamp has a flexible reading arm that can be realigned at any time. The reading arm has a maximum projection of 44 cm. The lamp head of the reading arm is made of white satinised lead crystal glass. The light is thus emitted directly and glare-free into the room. The Knapstein VADA is available in the following surfaces: brass matt, brass polished-matt and nickel matt. The surface of the version brass polished-matt is partly polished and partly matt. The wall bracket is always supplied with the surface finish matching the lamp. An on/off switch is integrated on the wall bracket. A replaceable LED lamp can be used for the G9 socket.
