Descripción

The Grupa Arigato Pendant is a pendant lamp with a lamp shade made of aluminum. The lamp shade is 17 cm high and has a diameter of 22.8 cm. The canopy has a diameter of 8.6 cm and is made of steel. A diffuser under the lamp shade ensures glare-free light emission downwards. The Arigato pendant lamp is delivered with a 250 cm long cable, which can also be shortened if necessary. Other cable lengths are also available on request. The pendant lamp has an E27 socket that can be operated with halogen lamps or LED retrofit lamps. The Arigato Pendant is available in the shade colours white or black matt powder-coated and aluminium raw lacquered. On request, the lamp is also offered in other powder-coated finishes. In addition to this lamp, Grupa also offers a larger pendant lamp from the series with a diameter of 45 cm.
