<b>protección</b>	IP20
<b>Volumen de suministro</b>	Leuchtmittel/Bulb
<b>entrada de tensión</b>	110 - 240 Volt
<b>Diámetro en cm</b>	40
<b>material</b>	metal, vidrio
<b>Atenuación</b>	Regulable en el sitio
<b>base/portálámparas</b>	E27
<b>conmutabilidad</b>	interruptor de cordón
<b>Alimentación (máx. Watt)</b>	60 Watt
<b>Dimensions</b>	H 42 cm   Ø 40 cm

## Descripción

The Brokis Memory Wall 400 PC879 has a mouth-blown triplex opal glass with a diameter of 40 cm. It is 41.5 cm high. The wall lamp is offered in the glass colours triplex opal, grey, light pink, red, orange, yellow, apple green, turquoise and blue. In each glass colour, the lamp is available in the surface in glossy or matt etched on both sides. The lamp can be operated via a pull switch. As standard, the pull switch is supplied in white, but it is also available in black on request. The Memory 300 wall lamp can be operated with E27 halogen lamps or LEDs.

The Triplex Opal glass of the lamp is one of the highest quality materials used in the lighting industry. The handcrafted production of the Memory follows the centuries-old tradition and experience of master glassblowers. The precise workmanship of mouth-blown glass gives all Brokis products a distinctive, durable character and outstanding quality. The glass shades are formed from several layers of molten glass, each of which is inspected by a master glassblower before being blown into its shape. Up to 70% of the quality is achieved at this stage of production.

The Brokis Memory collection awakens the imagination and reminds us of a carefree childhood. The wall lights in different sizes, the wide range of colour options and a choice of finishes give this lighting experience a high degree of versatility. The illusion of inflated balloons is flawless, right down to the dangling cord with pull switch used to turn the light on and off. This is beauty in its simplest and most compelling form.

Each light is shipped with a high quality paper envelope containing the installation instructions, white cotton gloves to handle the light gently, a certificate of authenticity and the BROKIS Small Catalogue. After opening the box, you will find a QR code that will take you to a short video showing you how to safely unpack and commission your new light, as well as detailed information on how to properly clean BROKIS lights.
