

Domus

LARAwood Ceiling Lamp L

Oberfläche

- nogal
- Roble negro
- Roble blanco

Technical details

País de la Fabricación	 Alemania
fabricante	Domus
año	2012
protección	IP20
Volumen de suministro	LED
entrada de tensión	230 - 240 Volt
Diámetro en cm	55
material	aluminio, madera, vidrio acrílico
Atenuación	Regulable en el sitio con control de fase inversa
Potencia en vatios	25 W
LED	incluyendo
Indice de reproduccion cromatica	>92
El flujo luminoso en lm	3.100
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Dimensiones	H 15 cm Ø 55 cm

Descripción

The successful combination of high-quality materials and uncomplicated design allows for use in project, office and private areas for the Domus LARAwood Ceiling Lamp L. The light-intensive LED ceiling lamp, whose ring-shaped lampshade seems to float on the ceiling due to a thumb-width distance, also provides ceiling illumination thanks to its open construction. The diffuser, which is deliberately placed high, makes the material used inside directly tangible and ensures an optimal diffusion of the light. The LARAwood ceiling light L by the German manufacturer Domus has a diameter of 55 cm and is 15 cm high. This dimmable ceiling light is equipped with an LED module with a power of 25 watts and a luminous flux of 3100 lumens. The light of the integrated LED is characterised by a very good colour rendering with a high colour rendering index of Ra > 92. This LED ceiling light is available in walnut, black oak and white oak finishes.
