Descripción

The Mammalampa The Queen Floor Lamp Double is a floor lamp with two lamp shades on lamp rods of different heights. The both lamp shades can be rotated and swivelled independently of each other via joints. The lamp is handmade from exclusive materials. The lamp rods and the base are made of lacquered steel. The outside of the lamp shades is made of corroded steel, while their inside is gold-plated with 23.75 carat. The two surfaces steel and gold are hand-finished; the golden shine of the inner shades of The Queen is guaranteed by the handwork of experienced goldsmiths.

The Queen Floor Lamp Double is altogether 148 cm high. The two lamp rods are connected by a v-shaped lamp base. The two lamp shades each have a diameter of 20 cm. On the supply line of the floor lamp there is an on/off switch. The lamp has two E14 sockets that can be operated with halogen lamps or LED retrofit. All lamps of the manufacturer Mammalampa are exclusively designed and handmade by the manufacturer himself.
