Descripción

The B.Lux C Ball F is a floor lamp with a ball made of opal glass. The light is emitted homogeneously and softly into the room through the opal glass. This floor lamp is 158 cm high in total. Its lamp base has a diameter of 28 cm. The lamp rod and the lamp base are made of metal. These metal parts are available in the surfaces brass satin and black matt. The ball made of opal glass has a diameter of 15 cm.

The C_Ball F has an E14 socket that can be operated with replaceable LED retrofits or compact fluorescent lamps. A dimmer with slider is integrated on the supply line, with which the lamp can be switched and dimmed. On Cable de dimmer con slider request, a version is also available that can be dimmed with a Casambi module by smartphone via Bluetooth. This version with Casambi module can be operated easily and intuitively via mobile devices with the free CASAMBI app (iOS and Android). Casambi thus expands the control options with functions such as dimming, grouping of lamps, programming of groups and scenes, automations and much more.
