

Domus

LARAFelt Pendant Lamp S red

Technical details

País de la Fabricación	 Alemania
fabricante	Domus
año	2015
protección	IP20
Volumen de suministro	LED
entrada de tensión	230 - 240 Volt
material	fieltro, madera, metal, Textil, vidrio acrílico
Color del cable	gris
longitud del cable	200 cm
ajuste de altura	altura determinada
Atenuación	Regulable en el sitio con control de fase inversa
Potencia en vatios	14 W
LED	incluyendo
Indice de reproducción cromática	>92
El flujo luminoso en lm	1.600
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
Dimensiones del dosel	15 cm
Color interior Pantalla	blanco
Color de la pantalla	rojo
Diamètre de l'ombre	20 cm
Altura de pantalla	8 cm

Descripción

The lamp shade of the Domus LARAFelt Pendant Lamp S red has a diameter of 20 cm and is 8 cm high. During assembly, the lamp can be individually set in its total height. The pendant lamp emits its light glare-free and homogeneously mainly downwards. Upwards, the light is largely dimmed.

The LARAFelt Pendant Lamp S has a ring-shaped lamp shade, which is covered with red wool felt. The view into the inside of the lamp is particularly beautiful, where the wool felt is shown to advantage by the low diffuser. From the inside, the lamp shade is in wool white. Domus also offers from the series the LARAFelt Pendant Lamp S with a lamp shade in grey felt (different inner shade colours available) or graphite felt (inner shade colour wool white).

The LARAFelt Pendant Lamp S has a dimmable, powerful LED with a colour temperature of 2,700 Kelvin extra warm white as illuminant. The integrated LED is characterised by very good colour rendering with a high colour rendering index of Ra > 92. The pendant lamp is also offered with a diameter of 43 cm or 55 cm.
