Description

The Foscarini Tite 1 is a distinctive merge of light and matter. Marc Sandler designed this light in 2000 and he even won the Compasso d'Ora 2001 with it. The light radiates a subdued and dazzle-free light. We offer the Tite in the version being black made out of glass fabric with black carbon fibre. The mounting is made of brushed stainless steel. The pendant light is available in two different sizes. The Tite 1 is 115 cm high. The pendant lamp has a cable of 230 cm. On request, also a longer cable is offered.
