### Description

The Foscarini Rituals Sospensione 1 is one of four pendant lamps of the Rituals series that resembles a lantern in its ease. In a complex method the diffusor that is made of blown glass is provided with a unique striped effect. This way the viewers are reminded of the wagashi paper of oriental lanterns. The light emits a pleasantly diffused light into the room. The light has a E27 socket.

The canopy of the Rituals Sospensione 1 is made of painted metal and the light has a cable with a maximum length of 340 cm. The cable can be shortened if necessary and is on request also available in a longer version.
