

Serien Lighting

Job

Version

- Furniture
- Base de table
- support de table

Voltage

- 230 - 240
- 110 - 125

Technical details

Pays de fabrication	 Allemagne
fabricant	Serien Lighting
concepteur	Yaacov Kaufman
année	2009
protection	IP20
Contenu de la livraison	LED
aptitude de tension	110 - 240 Volt
Projection en cm	90
matériel	acier Inoxydable, cuir, verre borosilicate
atténuation	Touchez gradateurs sur la tete de lumière
base/version	E27
Puissance (max. Watt)	13 Watt
LED	y compris
La température de couleur en Kelvin	Dim to warm
Diamètre de l'ombre	11 cm
Hauteur de Abat	9 cm
Pied de lampe dimensions	24 cm
remplacement des ampoules :	sur le site meme

Description

The lamp arms of the Serien Lighting Job are adjustable at any time. Its lamp head can also be swivelled. This table lamp emits its light directly and shielded at the sides. It also convinces functionally: even at maximum power, the lamp head remains cool. The underside of the table base is made of genuine leather; the table clamp and the Furniture furniture adapter for direct mounting are made of polished stainless steel. The lamp arms and shade are made of borosilicate glass and stainless steel. This table lamp is regulated with a push button dimmer on the lamp head. The lamp has the Dim2Warm function, which changes the light colour of the LEDs to a warmer tone (from 2,900 Kelvin warm white to 2,200 Kelvin extra warm white) when dimmed.
