

Oluce

Kelly 790

surface_of_reflector

- chrome
- blanc

Technical details

Pays de fabrication	 Italie
fabricant	Oluce
concepteur	Studio 63
année	2011
protection	IP20
Contenu de la livraison	Ampoule
aptitude de tension	110 - 240 Volt
Profondeur en cm	6
matériel	métal
atténuation	dimmerable sur place
base/version	R7s
Puissance (max. Watt)	120 Watt
Dimensions	H 17 cm L 33 cm

Description

The Oluce Kelly 790 is a wall lamp. The reflector of the Kelly 790 is made of laser-cut metal. The wall plate is painted white, the reflector by Oluce in the surfaces white-lacquered or chromed.

The Kelly 790 gives its light indirectly upwards and downwards and thus ensures both modern and classical architecture in a great atmosphere. For the Kelly 790 a high-voltage halogen fuel rod is used, whereas in the similar sister model Kelly 791 LEDs are used.
