

Anglepoise

Original 1227 Lamp with Desk Clamp

Oberfläche

- chrome
- noir
- gris
- blanc

Technical details

Pays de fabrication	 Royaume-Uni
fabricant	Anglepoise
concepteur	George Carwardine
année	1935
protection	IP20
Contenu de la livraison	LED 230 Volt
aptitude de tension	110 - 240 Volt
Projection en cm	72
matériel	aluminium, Fonte, Textile
longueur de câble	200 cm
atténuation	dimmerable sur place
base/version	E27
Transférabilité	sur la conduire
Puissance (max. Watt)	20 Watt
LED	y compris
Diamètre de l'ombre	16 cm
Hauteur de Abat	14 cm
remplacement des ampoules :	sur le site meme
répartition de la lumière	directement
Dimensions	H 49 cm

Description

The Anglepoise Original 1227 Lamp with Desk Clamp can be mounted on tables and shelves. The clamp is suitable for tables with a thickness of 1 cm to 6 cm. As with many other Anglepoise lamps, this lamp also has the tension spring technology developed by George Carwardine, which allows the articulated arm to be readjusted at any time. Thanks to this tension spring technology, the clamp lamp retains every set position. The lamp shade can be individually rotated and tilted. The Original 1227 Lamp with Desk Clamp is available in jet black, dove grey, linen white and bright chrome. The articulated arm and lamp shade are made of aluminum, the clamp made of cast iron. By using an additional neat cable clamp, the on/off switch on the supply line can be attached anywhere on the articulated arm of the lamp. Both compact fluorescent lamps and LED retrofit are suitable as light sources. A table base in the matching surface is included in the scope of delivery.
