

Catellani & Smith

Ciclotalia F

Voltage

- 230 - 240
- 125 (version spéciale US)

Technical details

Pays de fabrication	 Italie
fabricant	Catellani & Smith
concepteur	Enzo Catellani
année	2018
protection	IP20
Contenu de la livraison	LED
aptitude de tension	110 - 240 Volt
matériel	laiton, verre
atténuation	gradateurs intégrés
Puissance en Watt	5 W
LED	y compris
Indice de rendu des couleurs	80
Flux lumineux en lm	600
La température de couleur en Kelvin	2.700 extra blanc chaud
Pied de lampe dimensions	longueur 21, largeur 21 cm
remplacement des ampoules :	chez le fabricant / a l'usine
Dimensions	H 140 cm

Description

The Catellani & Smith Ciclotalia F is a floor lamp with joints at the lamp head and at the lamp base, over which the lamp can be adjusted again and again. The floor lamp is completely made of untreated brass, which can change over time and cause an intended oxidation effect. The light of the LED light source is bundled by a frosted glass lens. The light is maximum 140 cm high and has a square base measuring 21 x 21 cm. This floor lamp can be dimmed and switched via a touch dimmer on the head. A memory function saves the last brightness level set and automatically selects it the next time the power is turned on. The design is a reinterpretation of the Ciclocina lamp series created by Enzo Catellani in 1989.
