<b>La température de couleur en Kelvin</b>	2.700 extra blanc chaud
<b>Pied de lampe dimensions</b>	longueur 10, largeur 10 cm
<b>remplacement des ampoules :</b>	chez le fabricant / a l'usine
<b>Les performances du système</b>	3 x 1 Watt
<b>Dimensions</b>	H 40 cm

### Description

The Catellani & Smith Lola T is a table lamp with a flexible adjustable arm. The maximum projection is 42 cm. The light rod, the light arm as well as the light base are completely made of untreated brass, which can change in the course of time by an intended oxidation effect. The lamp head is made of copper and contains three integrated, replaceable LEDs. The light can be switched and dimmed via a dimmer on the cable. With a memory function, the last set brightness of the table lamp is automatically selected again the next time it is switched on.
