### Description

The Marset Soho 38 IP44 LED is an outdoor pendant lamp with a diameter of 38 cm. Its height is 20.4 cm. With IP44 protection, it is protected against solid foreign bodies with a diameter of at least 1 mm and against splashing water on all sides. Its lamp shade is made of polyethylene by centrifugal casting, creating the groove pattern on the lamp that is typical of this lamp series. A diffuser made of white-opal methacrylate reduces glare and allows uniform light distribution downwards. The Soho 38 IP44 LED is available in white, black and stone grey. An LED that can be dimmed by the customer is integrated as a light source. The cable with a maximum length of 200 cm can be shortened if required.
