### Description

The Marset Soho 112 IP44 LED is a pendant lamp for outdoor use. It has a polyethylene shade with a diameter of 112.6 cm. The height of the shade is 60.7 cm. The lamp shade is produced by centrifugal casting, creating a groove pattern on the shade. The light is emitted from the lamp directly downwards. A white-opal diffuser made of methacrylate ensures uniform and glare-free light emission. The Soho 112 IP44 LED is available in white, stone grey and black. The suspension cables can be shortened if necessary. The integrated LED can be dimmed on site and has a colour temperature of 2,700 Kelvin extra warm white. On request, the pendant lamp can also be supplied with a colour temperature of 3,000 Kelvin warm white.
