

Serien Lighting

Cavity Recessed L

Oberfläche

- aluminium
- noir
- bronze
- blanc

Voltage

- 230 - 240
- 110 - 125

Technical details

Pays de fabrication	 Allemagne
fabricant	Serien Lighting
concepteur	Jean-Marc da Costa und Manfred Wolf
année	2019
protection	IP20
Contenu de la livraison	LED
aptitude de tension	110 - 240 Volt
Diamètre en cm	13
matériel	aluminium
atténuation	gradable avec variateur à coupure de phase et à commande de phase
Puissance en Watt	20 W
LED	y compris
Indice de rendu des couleurs	>95
Flux lumineux en lm	2.070
La température de couleur en Kelvin	2.700 extra blanc chaud
remplacement des ampoules :	sur le site meme
Dimensions	H 3 cm Ø 13 cm

Description

The Serien Lighting Cavity Recessed L is suitable for installation in cavity ceilings. This ceiling lamp is 2.8 cm high and has a diameter of 12.5 cm. It emits its light mainly directly downwards. The LED is recessed in the lamp so that the light is shielded to the side. Part of the emitted light is reflected by the lamp itself. The Cavity Recessed L is made of aluminum and is available in black, white, aluminum gloss finish and bronze finish. The integrated LED can be replaced if necessary and is dimmable on site with a trailing edge or leading edge phase dimmer. It is supplied with a colour temperature of 2,700 Kelvin extra warm white as standard. On request, the recessed ceiling light is also available with a colour temperature of 3,000 Kelvin warm white or DALI dimmable. A driver is included in the scope of delivery.
