

Knapstein

LARA-L205

Oberfläche

- nickel
- noir

Technical details

Pays de fabrication	 Allemagne
fabricant	Knapstein
concepteur	Knapstein
protection	IP20
Contenu de la livraison	LED
aptitude de tension	230 - 240 Volt
matériel	métal
réglage de la hauteur	réglable en hauteur
atténuation	controle gestuel
Puissance en Watt	60 W
LED	y compris
Indice de rendu des couleurs	>90
Flux lumineux en lm	7.112
La température de couleur en Kelvin	2.700 extra blanc chaud
remplacement des ampoules :	chez le fabricant / a l'usine
hauteur totale	73 - 180 cm
Dimensions	H 3,4 cm B 1,6 cm L 107 - 205 cm

Description

The Knapstein LARA-L205 is a height-adjustable and length-variable pendant lamp. By pulling or lifting the lamp, the total height of the lamp can be adjusted between 73 cm and 180 cm at any time. Its length can be adjusted between 107.4 cm and 205 cm by pulling or pushing the outer rails. The pendant lamp emits light upwards and downwards at the same time. Using gesture control, the uplight and downlight can be separately switched as well as dimmed continuously. The sensor area of the gesture control is located on the top of the middle pendulum rail. A wiping hand movement in the sensor area switches the light on and off. If the hand is held in the sensor area for a longer time, the light intensity can be adjusted. A memory function saves the last light intensity setting and automatically selects it the next time it is switched on. The lamp is available matt nickel and black. No visible screws are visible in the ceiling canopy, as the ceiling canopy is held by magnets. This pendant lamp is also available as LARA-L134, which is adjustable in length between 72.5 cm and 134.5 cm. On request, the LARA is also available in other lengths or surfaces.
