

Knapstein

LARA-205

Technical details

Pays de fabrication	 Allemagne
fabricant	Knapstein
concepteur	Knapstein
protection	IP20
Contenu de la livraison	LED
aptitude de tension	230 - 240 Volt
matériel	métal
surface	nickel
réglage de la hauteur	réglable en hauteur
atténuation	controle gestuel
Puissance en Watt	60 W
LED	y compris
Indice de rendu des couleurs	>90
Flux lumineux en lm	7.112
La température de couleur en Kelvin	2.700 extra blanc chaud
remplacement des ampoules :	chez le fabricant / a l'usine
hauteur totale	110 - 188 cm
Dimensions	H 3,4 cm B 1,6 cm L 107 - 205 cm

Description

The Knapstein Lara-205 pendant lamp can be adjusted in length between 107.4 cm and 205 cm by pulling or pushing the outer rails. The total height of the lamp can be adjusted between 110 cm and 188 cm with the stoppers on the cables. When switched on, the lamp must not be adjusted in height. To adjust the height, the sleeves at the bottom of the stoppers are pressed in, then the lamp can be pushed or pulled to the desired height. The pendant lamp has a surface in matt nickel.

The light of the Lara-205 is emitted simultaneously upwards and downwards. Via gesture control, the uplight and the downlight can be switched and dimmed separately. The sensor area for gesture control is located on the top of the middle rail. The lamp is switched on or off by wiping the hand. By holding the hand in the sensor area for a longer time, the light intensity can be adjusted continuously. The last selected light intensity is saved in the memory and automatically set the next time the light is switched on. The LARA-L205 series is also available with height adjustment by lifting or pulling the lamp. On request, the LARA is also available in other lengths or surfaces.
