

Knapstein

LINN-L161

Oberfläche

- nickel
- noir

Technical details

Pays de fabrication	 Allemagne
fabricant	Knapstein
concepteur	Knapstein
année	2019
protection	IP20
Contenu de la livraison	LED
aptitude de tension	230 - 240 Volt
matériel	métal
réglage de la hauteur	réglable en hauteur
atténuation	controlé gestuel
Puissance en Watt	51 W
LED	y compris
Indice de rendu des couleurs	>90
Flux lumineux en lm	5.815
La température de couleur en Kelvin	2.700 extra blanc chaud
remplacement des ampoules :	chez le fabricant / a l'usine
hauteur totale	73 - 180 cm
Dimensions	H 3,4 cm B 1,6 cm L 161 cm

Description

The Knapstein LINN-L161 is a pendant lamp with a length of 161 cm. By pulling or lifting the lamp itself, the total height can be adjusted between 73 cm and 180 cm. The lamp can also be suspended at an angle. The lamp emits its light simultaneously upwards and downwards. The uplight and the downlight can be switched separately by gesture control and infinitely dimmed. The sensor area for gesture control is located centrally at the top and bottom of the lamp. The pendant lamp is switched on or off with a wiping movement of the hand. The lamp can be dimmed continuously by holding the hand in the sensor area for a longer period of time. A memory function saves the last light intensity set and automatically selects it the next time the lamp is switched on.

The LINN-L161 pendant lamp is available in matt nickel and black. A lamp with a length of 128 cm is also offered from the series. In addition, LINN pendant lamps are available with height adjustment by stoppers on the cables. These are offered in a length of 68 cm, 128 cm or 161 cm. On request, the LINN is also available in other lengths or surfaces.
