Description

The Catellani & Smith CicloItalia Flex F3 is a floor lamp with three flexible brass arms. Each lamp arm can be positioned independently of the others at any time. Depending on the adjustment of the lamp arms, the floor lamp has a height of between 170 cm and 190 cm. The three lamp heads can be individually rotated by 350 degrees. The light is focused through glass lenses. The CicloItalia Flex F3 by Catellani & Smith is available in matt white and black. The lamp heads, the lamp rod and the lamp base are each in the matching surface. A dimmer is integrated on the supply line. Thanks to the memory function, the last light intensity set is saved and automatically adjusted the next time the lamp is switched on.
