

# Knapstein

## LINDA-152

### Oberfläche

- nickel
- noir
- bronze

### Technical details

<b>Pays de fabrication</b>	 Allemagne
<b>fabricant</b>	Knapstein
<b>concepteur</b>	Knapstein
<b>année</b>	2020
<b>protection</b>	IP20
<b>Contenu de la livraison</b>	LED
<b>aptitude de tension</b>	230 - 240 Volt
<b>matériel</b>	laiton
<b>réglage de la hauteur</b>	réglable en hauteur
<b>atténuation</b>	controlé gestuel
<b>Puissance en Watt</b>	72 W
<b>LED</b>	y compris
<b>Indice de rendu des couleurs</b>	>90
<b>Flux lumineux en lm</b>	8.580
<b>La température de couleur en Kelvin</b>	2.200 - 3.000 réglable
<b>remplacement des ampoules :</b>	chez le fabricant / a l'usine
<b>hauteur totale</b>	73 - 180 cm
<b>Dimensions</b>	H 3,4 cm   B 1,6 cm   L 152 cm

### Description

The Knapstein LINDA-152 pendant lamp has a length of 152 cm. By lifting or pulling the lamp, the total height of the lamp can be adjusted between 73 cm and 180 cm at any time. The lamp can also be suspended at an angle. The pendant lamp emits its light simultaneously upwards and downwards. The uplight and downlight can be switched and dimmed separately by gesture control. In addition, the light colour can be adjusted to produce a warmer tone (from a colour temperature of 3,000 Kelvin warm white to 2,200 Kelvin extra warm white). All dimming and light colour settings are saved by the memory function and are automatically adjusted again the next time the device is switched on.

The sensor area for gesture control is located in the centre of the lamp. The lamp is switched on or off with a wiping hand movement in the sensor area. If the hand is held longer in the sensor area, the luminous intensity can be adjusted. Holding the hand in the sensor area for a longer period of time again also allows the desired light colour to be adjusted. The LINDA-152 is available with a matt nickel, black or bronze effect finish. The series also includes pendant lamps with a length of 92 cm, 112 cm or 132 cm. On request, the LINDA is also available in other lengths or surfaces.
