

Knapstein

NELE-T

Oberfläche

- laiton
- nickel

Technical details

Pays de fabrication	 Allemagne
fabricant	Knapstein
concepteur	Knapstein
protection	IP20
Contenu de la livraison	LED
aptitude de tension	230 - 240 Volt
Projection en cm	60
matériel	laiton
atténuation	Variateur tactile sur pied de lampe
LED	y compris
Indice de rendu des couleurs	>90
La température de couleur en Kelvin	2.700 extra blanc chaud
Pied de lampe dimensions	17 cm
tête de luminaire masse	14 cm
remplacement des ampoules :	chez le fabricant / a l'usine
Les performances du système	4 x 4,5 Watt
Flux lumineux total en LM	1.852
Dimensions	H 50 cm

Description

The Knapstein NELE-T is a table lamp with a swivel and tilt joint on the lamp head. This means that the lamp head can be realigned at any time. In addition, the lamp can be swivelled and rotated as required via joints on the lamp arm and base. The maximum projection of the lamp is 60 cm. The NELE-T from Knapstein is available in matt brass, and matt nickel-plated surfaces. The table lamp can be switched and dimmed via a push button dimmer on the base of the lamp. With a memory function, the last set light intensity is saved and automatically set again the next time the lamp is switched on. In the event of a power failure, the lamp switches on automatically if it was previously switched on. It remains switched off if it was previously switched off. This function is suitable for use with switchable sockets. Four LEDs with a colour temperature of 2,700 Kelvin extra warm white each are included.
