

Byok

Mikado L

Oberfläche

- aluminium
- noir

Schirmfarbe

- ivoire
- brun

Technical details

Pays de fabrication	 Allemagne
fabricant	Byok
concepteur	Kai Byok
année	2020
protection	IP20
Contenu de la livraison	LED
aptitude de tension	230 - 240 Volt
matériel	aluminium, Textile
atténuation	controle gestuel
Puissance en Watt	51 W
LED	y compris
La température de couleur en Kelvin	Dim to warm
Diamètre de l'ombre	70 cm
Hauteur de Abat	28 cm
Flux lumineux total en LM	5.920
Dimensions	H 175 cm

Description

The Byok Mikado L floor lamp is 175 cm high. Its lamp shade has a diameter of 70 cm at the bottom and 62 cm at the top. The shade height is 28 cm. A central light source and a downward directed spotlight are integrated in the lamp shade. The light is emitted mainly downwards and upwards. The two LED light sources can be dimmed separately by gesture control. Thanks to the Dim-to-warm technology, dimming changes the light colour of the integrated LEDs to a warmer tone (from 2,700 Kelvin extra warm white to 2,100 Kelvin extra warm white). The Mikado L is available with natural glossy anodised aluminum and matt black anodised surfaces. Its lamp shade is offered in the colours ivory and dark brown. Other shade colours are also available on request. In addition to this floor lamp, the Mikado XL is also available with a height of 200 cm.
