

Knapstein

VADA

Oberfläche

- Laiton mat
- Laiton poli-mat
- nickel

Technical details

Pays de fabrication	 Allemagne
fabricant	Knapstein
concepteur	Knapstein
protection	IP20
Contenu de la livraison	LED 230 Volt
aptitude de tension	110 - 240 Volt
Projection en cm	44
matériel	laiton, verre
base/version	G9
Transférabilité	sur le support mural
Puissance (max. Watt)	7 Watt
tête de luminaire masse	5 cm, hauteur 9 cm
remplacement des ampoules :	sur le site meme
Support mural Dimensions	7 cm

Description

The Knapstein VADA wall lamp has a flexible reading arm that can be realigned at any time. The reading arm has a maximum projection of 44 cm. The lamp head of the reading arm is made of white satinised lead crystal glass. The light is thus emitted directly and glare-free into the room. The Knapstein VADA is available in the following surfaces: brass matt, brass polished-matt and nickel matt. The surface of the version brass polished-matt is partly polished and partly matt. The wall bracket is always supplied with the surface finish matching the lamp. An on/off switch is integrated on the wall bracket. A replaceable LED lamp can be used for the G9 socket.
