

Catellani & Smith

Luce che dipinge

Voltage

- 230 - 240
- 125 (version spéciale US)

Technical details

Pays de fabrication	 Italie
fabricant	Catellani & Smith
concepteur	Enzo Catellani
année	2002
protection	IP20
Contenu de la livraison	LED
aptitude de tension	110 - 240 Volt
matériel	toile
base/version	G4
Puissance en Watt	1 W
LED	y compris
Indice de rendu des couleurs	80
Flux lumineux en lm	75
La température de couleur en Kelvin	2.700 extra blanc chaud
remplacement des ampoules :	sur le site meme
Dimensions	H 50 cm B 50 cm

Description

The Catellani & Smith Luce che dipinge consists of a white canvas on which a movable, black light arm with lamp emits its light. The lamp is surrounded by a black lamp cover, which can be moulded. Due to the adjustable flex structure of the light arm as well as the shapeable bulb cover, always new impressive pictures can be created out of light and shade on the canvas. Enzo Catellani designed this extraordinary light object in 2002 and gave it the appropriate name of "light painting".

The Luce che dipinge has a canvas in the size 50 x 50 cm. As lamp, a replaceable, low-voltage LED with a power of 1.5 watts is delivered.
