### Description

The Mawa Flat Box floor lamp LED has a lamp head that can be rotated by 365 degrees and swivelled by 90 degrees, so that the light can always be redirected. The height of the lamp head can be adjusted as desired along the lamp rod. The lamp has a total height of 152 cm and can be switched and dimmed via a push button dimmer at the back of the lamp head. The last set light intensity is saved via memory function and automatically selected again the next time the lamp is switched on. The Flat Box floor lamp LED is available in the versions powder-coated black matt and dark bronze. The lamp head and base each have the matching surface. The light source is an LED with a colour temperature of 2,700 Kelvin extra warm white and a beam angle of 45 degrees. On request, the floor lamp is also available with 3,000 Kelvin warm white or 4,000 Kelvin white.
