## Avion Floor Lamp

### Oberfläche

- aluminium
- noir
- blanc

### Technical details

<b>Pays de fabrication</b>	 Allemagne
<b>fabricant</b>	Gera Leuchten
<b>protection</b>	IP20
<b>Contenu de la livraison</b>	LED
<b>aptitude de tension</b>	230 - 240 Volt
<b>matériel</b>	aluminium
<b>longueur de câble</b>	200 cm
<b>atténuation</b>	Micro bouton pour allumer la lampe
<b>Puissance en Watt</b>	26 W
<b>LED</b>	y compris
<b>Flux lumineux en lm</b>	1.260
<b>La température de couleur en Kelvin</b>	2700 - 6000 réglable
<b>remplacement des ampoules :</b>	sur le site meme
<b>Dimensions</b>	H 180 cm

### Description

The Gera Leuchten Avion is a floor lamp with a height of 180 cm. An LED with a power of 26 watts is integrated in the round lamp rod of the Avion by Gera Leuchten. The lamp has a 2 metre long connection cable with integrated foot switch. With its curved profile cross-section, the Gera Avion floor lamp is reminiscent of the gentle wing shape of a bird. This lightness in design is reflected in its operation: the lamp can be dimmed and the colour temperature adjusted from 2,700 Kelvin extra warm white to 6,000 Kelvin cool white via an integrated microswitch. The lamp is available in anodised aluminium, black or white lacquer. It is designed as a reflected wallwasher and illuminates the room, even in front of large curtains.
