Profondeur en cm	20
matériel	Chêne, feutre, Lunopal, métal, Textile
couleur de câble	gris
atténuation	gradateur cordon avec
base/version	E27
Puissance (max. Watt)	15 Watt
LED	y compris
couleur de l'abat-jour	blanc
Pied de lampe dimensions	longueur 24, largeur 21 cm
remplacement des ampoules	sur le site meme
hauteur totale	55 cm
Dimensions	B 15 cm

Description

The Domus Fläks Table Lamp is 55 cm high and 15 cm wide. Its depth is 20 cm. Thanks to an integrated magnet, the lamp can be positioned freely on the lamp base. The lamp base is made of white, powder-coated metal. Its lamp shade is made of Lunopal, a high-quality material that Domus has developed for its lamp shades. This material is thermally highly resilient and can withstand temperatures of up to 100°C. Lunopal is white transparent and gives the impression of fine Japanese paper. The completely environmentally friendly material is UV-resistant, washable and does not fade. There is a hand dimmer on the supply cable. The Fläks Table Lamp has an E27 socket that can be operated with replaceable LEDs (retrofit).
