Description

The lamp shade of the Domus Muun can be swivelled by up to 45 degrees to the left and right. This allows the light to be directed to where it is needed. The Muun is offered with the shade colours marble white, powder pink and stone grey. The white and pink shades are wool white on the inside, the stone grey one is powder pink on the inside.

The Muun wall lamp with plug lead has a hand dimmer on the lead. The lamp with wall connection can be dimmed on site. The wall mounting of the Muun is made of oak wood. The lamp shade is 28 cm high and has a diameter of 23 cm. Its projection is 25 cm. This wall lamp has an E27 socket that can also be operated with replaceable LEDs (retrofit).
