### Description

The Domus LARAFelt Pendant Lamp S grey can be individually set in its total height during assembly. It distributes its light glare-free and homogeneously mainly downwards. Upwards, the light is largely dimmed. The ring-shaped lamp shade is covered with grey wool felt. The view into the inside of the lamp is particularly beautiful, where the wool felt is shown to advantage by the low diffuser. The pendant lamp is available in the shade colours wool white and curry. The LARAFelt series also includes pendant lamps with a lamp shade in red or graphite felt (shade inside colour each wool white).

The LARAFelt Pendant Lamp S is operated with a dimmable, powerful LED that has a colour temperature of 2,700 Kelvin extra warm white. The integrated LED is characterised by very good colour rendering with a high colour rendering index of Ra > 92. The pendant lamp is also available in other sizes.
