

Ingo Maurer

Signature

Technical details

Pays de fabrication	 Allemagne
fabricant	Ingo Maurer
concepteur	Ingo Maurer
matériel	Aluminium, Kunststoff
couleur	noir
couleur de câble	schwarz
longueur de câble	450 cm
atténuation	Dimmable sur place
base / version	GU10
Puissance (max. Watt)	12 Watt
protection	IP20
Contenu de la livraison	Leuchtmittel/Bulb
aptitude de tension	110 - 240 Volt
remplacement des ampoules :	sur le site meme
Dimensions	H 60-80 cm B 60 cm

Description

Inspired by the idea of chance - the uncontrolled shape created by a falling cable - the Signature luminaire looks like a three-dimensional drawing in space.

The combination of a soft cable connected to a springy, circular structure in plain black gives the viewer the impression of a random, continuous form. At the end of this construction is an elegant, deliberately minimalist lampshade that fits perfectly into the cable cloud. If you change the perspective, both the shape of the cable cloud and the lampshade change for the viewer: from a cone to an angled rectangle.

With its asymmetry and ambiguity, the lampshade made of anodised aluminium underlines the casualness of the new pendant luminaire from Ingo Maurer and provides directional light with a GU10 bulb. The lampshade can also be touched without any problems. Even more important for the set of three: when combined with several Signature lights, the lampshade becomes a practical tool. By hooking a cable into the curved end, the lamps can be connected to form a joint constellation. For example, you can form a large cloud or bend the downlight to create an uplight.
