

Holtkoetter

Supernova S-DTW

Oberfläche

- aluminium
- laiton
- platine
- noir
- bronze
- blanc

Technical details

Pays de fabrication	 Allemagne
fabricant	Holtkoetter
concepteur	Holtkötter
année	2024
matériel	Aluminium
Puissance en Watt	16 W
LED #	inclus
Indice de rendu des couleurs	>90
Flux lumineux en lm	2500
La température de couleur en Kelvin	2.200 - 2.850
protection	IP20
Contenu de la livraison	LED
aptitude de tension	230 - 240 Volt
atténuation	Touchez gradateurs sur le bâton de lumière
Pied de lampe dimensions	21 cm
tête de luminaire masse	18 cm
remplacement des ampoules :	sur le site meme
Dimensions	H 105-175 cm

Description

With 2500 lumens and a colour rendering index of RA>90, the Holtkötter Supernova S-DTW leaves nothing to be desired in terms of the light emitted. The lamp head, which can be rotated and swivelled in all directions, allows the light to be individually directed. The light can be infinitely adjusted using a centrally mounted touch dimmer. When dimmed, the light colour of the integrated LED changes to a warmer tone (from 2,850 Kelvin warm white to 2,200 Kelvin warm white) thanks to dim-to-warm technology. The last light setting used is saved using the memory function. The height is adjusted using an integrated, invisible lift mechanism. The Holtkötter Supernova S-DTW is available in matt aluminium, anodised brass, platinum, white, bronze and black.
