

# Holtkoetter

## Supernova DW

### Oberfläche

- aluminium
- laiton
- platine
- noir

### Technical details

<b>Pays de fabrication</b>	 Allemagne
<b>fabricant</b>	Holtkoetter
<b>concepteur</b>	Holtkötter
<b>année</b>	2019
<b>Puissance en Watt</b>	1 x 40 + 1 x 71 W
<b>LED #</b>	inclus
<b>Indice de rendu des couleurs</b>	>90
<b>Flux lumineux en lm</b>	14700
<b>La température de couleur en Kelvin</b>	2.200 - 2.900
<b>protection</b>	IP20
<b>Contenu de la livraison</b>	LED
<b>aptitude de tension</b>	230 - 240 Volt
<b>Projection en cm</b>	71
<b>matériel</b>	métal
<b>atténuation</b>	Touchez gradateurs sur le bâton de lumière
<b>Pied de lampe dimensions</b>	42 cm
<b>tête de luminaire masse</b>	42 cm
<b>remplacement des ampoules :</b>	sur le site meme
<b>Dimensions</b>	H 185 cm

### Description

The Holtkötter Supernova DW arched lamp has a lamp head consisting of two parts: an outer ring and an inner disc. The two parts of the lamp head each have an integrated LED. The LEDs can be operated and adjusted via a touch dimmer panel centrally located on the luminaire rod. The outer and inner rings can be switched together or separately and dimmed continuously. When dimming, the light colour of the integrated LEDs changes to a warmer tone (from 2,900 Kelvin warm white to 2,200 Kelvin warm white) thanks to dim-to-warm technology. The last light setting used is saved using the memory function. As the inner and outer rings can be swivelled independently of each other, the light emission can be directed both directly and indirectly. The Supernova DW floor lamp from the German manufacturer Holtkötter is available in matt aluminium, platinum, anodised brass and black.
