<b>schermhoogte</b>	35 cm
<b>kandelaar Dimensions</b>	lengte 36, breedte 36 cm
<b>lichtverdeling</b>	licht in de kamer
<b>Dimensions</b>	H 217 - 250 cm

## Omschrijving

The Luceplan Lady Costanza Floor Dimmer can be adjusted with its telescopic rod in height between 217 and 250 cm. It can also be rotated by 360 degrees on the lamp base. The frame has a curved shape. The shade has 50 cm as diameter and is so larger than in the Costanza series, from which this arc light 2008 was further developed.

The handle on the base as well as the lightness of the lamp body make it possible to move the light at any time. The floor lamp can also be placed directly next to a dining table or a couch thanks to a stable base. The sensor dimmer on the lamp head has to be touched only slightly to dim the lamp in three brightness levels. Both the frame and the shade are available in different colours. The frame is available in the colours aluminium or black. The shade is offered in black, primary red, white and shaded stone. Apart from this floor lamp with a dimmer, also a version with a switch is on offer.
