

Anglepoise

Original 1227 Brass Desk Lamp

Oberfläche

- zwart
- blauw
- grijs

Technical details

Land van fabricage	 Verenigd Koninkrijk
fabrikant	Anglepoise
ontwerper	George Carwardine
jaar	2014
bescherming	IP20
Omvang van de levering	LED 230 Volt
voltage geschiktheid	110 - 240 Volt
Projectie in cm	72
materiaal	aluminium, het smelten, messing, textiel
kabellengte	200 cm
dimmen	dimbaar op locatie
base/versie	E27
schakelbaarheid	aan de lijn
Vermogen (max. Watt)	20 Watt
LED	inclusief
Schaduw diameter	14 cm
schermhoogte	16 cm
kandelaar Dimensions	lengte 15, breedte 15 cm
bulb vervangen:	ter plaatse zelf
lichtverdeling	direct
Dimensions	H 59 cm

Omschrijving

The Anglepoise Original 1227 Brass Desk Lamp is a desk lamp with brass elements. Both the lamp shade and the lamp arms are made of aluminum. Thanks to proven tension spring technology, the lamp arms can be readjusted again and again. Cause of this, they keep every adjusted position. This tension spring technology was developed by industrial designer George Carwardine as early as 1935 for the first Original 1227 Desk Lamp, and is still used today in many lamps made by the British manufacturer. The lamp shade of the Original 1227 Brass Desk Lamp can be swivelled and rotated. This table lamp is available in jet black, ink blue and elephant grey. The lamp shade, the lamp arms and the lamp base are then all in this surface. The lamp shade is glossy lacquered in every version. The base is made of cast iron with a glossy steel cover. An on/off switch is integrated on the cable. Compact fluorescent lamps or LED retrofit are suitable as light sources.
