### Omschrijving

An arc floor lamp with curved rod takes shape in a white-finished steel lamp base. Created by designers Pio and Tito Toso, the Stilnovo Oxygen FL1 is a versatile lamp, aesthetically elegant and with a sophisticated design. The lamp shade is supported by a sinuous stem. The elegance of black is contrasted by the minimalism of white and the vivacity of yellow and pastel blue: polyurethane lamp shades in different colours to satisfy the most sophisticated tastes. Inside, the PMMA diffuser features micro incisions designed to divert the light beam emitted by topLED sources arranged around the sides (OptiLight Technology™): an aesthetically elegant texture, which becomes almost total transparency when the light is off. A family of floor lamps with an unmistakable design, awarded the Red Dot Award 2017.
