Omschrijving

The Escale Blade 79 cm can be used as a ceiling or wall light. It has a diameter of 79 cm and a depth of 3.5 cm. The light is emitted to the ceiling or wall, from where it is reflected, creating a halo effect around the lamp. The wall and ceiling light is available in the surfaces white matt, black matt, silver matt anodised, concrete look, gold leaf, taupe anodised and anthracite. An LED with a colour temperature of 2,700 Kelvin extra warm white is integrated.

The Blade 79 cm is offered in three versions: on site with trailing edge and leading edge dimmer dimmable, with Casambi module or with ZigBee module. The version with Casambi module can be dimmed with the Casambi App via Bluetooth by Smartphone / Tablet. The version with ZigBee module can be regulated via voice control. A connecting set is available as an accessory, with which two Blade lights can be connected together and mounted on a single power connection. With several connecting sets, a large lamp can be created from several individual lamps. A Plug and Play cable with toggle switch is additionally available as an accessory, with which one Blade lamp can also be connected directly to a power socket.
