Omschrijving

The Holtkötter Plano Twin floor lamp has two rods which can be adjusted separately from each other in the height from 95 cm to 140 cm. The mechanism for height adjustment is integrated in the light rod and is therefore invisible. The two lamp arms can also be aligned independently of each other. At the end of each lamp arm a swivelling lamp head with one LED each is integrated. The two LEDs can be dimmed separately via a push button dimmer on the respective light rod. A memory function saves the light intensity set last and selects it again when switched on again. Each LED is supplied with a colour temperature of 2,700 Kelvin extra warm white and can be replaced if required. The Plano Twin floor lamp from Holtkötter is available in matt aluminum, platinum, black and anodised brass.
