| Kleurweergave-index | >97 |
| luiifel Dimensions | 8 cm |
| Schaduw diameter | 25 cm |
| schermhoogte | 9 cm |
| bulb vervangen: | ter plaatse zelf |
| totale hoogte | 110 cm |

Omschrijving

The Serien Lighting Curling Suspension Tube new silver M pendant lamp is suspended from the ceiling with a chrome-plated steel tube. During installation, it is possible to set the total height of the lamp individually. The total height is 110 cm. The lamp shade has a diameter of 25 cm and a height of 9 cm.

The Curling Suspension Tube new silver M is offered in three versions: with a colour temperature of 2,700 Kelvin extra warm white, 3,000 Kelvin warm white or with dim to warm function. In the version with dim to warm function, the dimming behaviour of classic incandescent lamps, which is perceived as pleasant, is imitated during dimming. This means that when the light is dimmed down, it does become darker, but also changes its colour temperature from 1,800 Kelvin extra warm white to 3,000 Kelvin warm white when dimmed. The Curling Suspension Tube with a shade in new silver is also available with a shade diameter of 18 cm.
