

LDM

Wyng Dot

Oberfläche

- bronzen
- zilver
- wit

Version

- met Casambi module
- dimbaar met fase- en fase-afsnijding en fase-regelingsdimmer

Technical details

Land van fabricage	 Duitsland
fabrikant	LDM
ontwerper	Lasch + Prillwitz
bescherming	IP20
Omvang van de levering	LED
voltage geschiktheid	230 - 240 Volt
materiaal	Acrylglas, aluminium
kabel kleur	transparant
hoogteverstelling	hoogte bepaalbaar
Wattage	32 W
LED	inclusief
Kleurweergave-index	90
Lichtstroom in lm	3.232
Kleurtemperatuur in Kelvin	2.700 extra warm wit
luiifel Dimensions	7 cm
bulb vervangen:	bij de fabrikant / fabriek
totale hoogte	120 cm
Dimensions	H 23 cm B 39 cm L 64 cm

Omschrijving

The LDM Wyng Dot is a pendant lamp made of transparent acrylic glass. The acrylic glass is printed with a precise dot grid. The integrated LED provides an even, absolutely glare-free light. During installation, the lamp can be suspended at a downward or upward angle. When the lamp is tilted downwards, the point grid is located on the top and the greater part of the light is emitted downwards. The Wyng Dot is available in white, silver metallic and bronze. Its canopy is always delivered in the matching surface.

The pendant lamp is available in two versions: dimmable on site with a leading or trailing edge phase dimmer or with integrated Casambi module. The version with Casambi module can be dimmed with the Casambi App via Bluetooth using a smartphone / tablet. The ropes of the Wyng Dot can be shortened if required. Special rope lengths are also available on request. The pendant lamp is also offered as Wyng Cube with a square grid on the acrylic glass.
