### Omschrijving

The Foscarini Plena emits most of its light directly downwards. At the same time, part of the light reflects from the lamp to the ceiling. The light is always 100% glare-free in all directions. The pendant lamp is 27 cm high. It has a length of 70 cm and a width of 69 cm. The Plena is available in a non-dimmable version and a DALI dimmable version. The DALI dimmable version can also be dimmed with Push. The pendant lamp is also offered on request as Plena MyLight, which can be dimmed with the Casambi App via Bluetooth on a smartphone or tablet. An LED with a colour temperature of 2,700 Kelvin extra warm white is integrated as the light source. The lamp is supplied with a standard cable length of 340 cm, which can be shortened if required. On request, the pendant lamp can be supplied with longer cables.
