Omvang van de levering LED

voltage geschiktheid 230 - 240 Volt materiaal aluminium

Wattage 28 W
LED inclusief

Lichtstroom in lm 2.100

**bulb vervangen:** ter plaatse zelf

**Dimensions** H 4 cm | B 4 cm | L 150 cm

## **Omschrijving**

The 40x40x1500 ceiling lamp by the German manufacturer Gera is operated with an integrated LED. This LED ceiling lamp is in aluminium-coloured. This aluminium ceiling light is 150 cm long, 4 cm wide and 4 cm high. The lamp connection is located in the centre, directly at the connection terminal. This lamp is optionally available with a colour temperature of 2,700 Kelvin extra warm white and 4,000 Kelvin white. The LED ceiling lamp with square cross-section emits its light brightly and glare-free downwards. By combining several ceiling lamps from this series (e.g. in L-shape), rooms of any size can be illuminated. If required, the integrated LED can be changed by the user. On request, the lamp can also be supplied in special lengths up to a maximum length of 4 metres. The lamp is also available with a Zigbee module on request. ZigBee enables wireless communication via WLAN between a Smart Home device and existing building technology. Using ZigBee, lamps can be controlled via voice control.
