

Gera Leuchten

Pendant Lamp 40x40x1800

Oberfläche

- aluminium
- roestvrij staal
- zwart-bruin

Farbtemperatur in Kelvin

- 2.700 extra warm wit
- 4.000 wit

Technical details

Land van fabricage	 Duitsland
fabrikant	Gera Leuchten
bescherming	IP20
Omvang van de levering	LED
voltage geschiktheid	230 - 240 Volt
materiaal	aluminium
hoogteverstelling	hoogte bepaalbaar
dimmen	sensor dimmer
Wattage	34 W
LED	inclusief
Lichtstroom in lm	2.520
bulb vervangen:	ter plaatse zelf
totale hoogte	20 - 250 cm
Dimensions	H 4 cm B 4 cm L 180 cm

Omschrijving

The pendant lamp 40x40x1800 by the German manufacturer Gera is operated with an integrated LED. This LED pendant lamp is available in the finishes aluminium-coloured and stainless steel-coloured. The pendant lamp made of aluminium is 180 cm long, 4 cm wide and 4 cm high. This elongated LED pendant lamp has a 58 cm long, 3.4 cm wide and 3.4 cm high rectangular ceiling suspension. The lamp connection is in the centre, directly at the connection terminal. The lamp is optionally available with a colour temperature of 2,700 Kelvin extra warm white and 4,000 Kelvin white. This lamp with a square cross-section emits its light brightly and glare-free downwards. The LED low-voltage technology used in this lamp allows for "cable-free" suspension from fine, current-conducting steel cables. The Gera Leuchten pendant lamp 40x40x1800 is adjustable in total height from 20 cm to 250 cm. The LED pendant lamp can be switched and dimmed touch-free via an integrated sensor dimmer. If required, the integrated LED can be changed by the user himself. The Gera Leuchten pendant lamp 40x40x1800 is also available in other lengths and as a version that can be switched and dimmed by remote control. On request, the lamp can also be supplied in special lengths up to a maximum length of 4 metres.
