Opis

The K-meral SOFI Wall Lamp comes with a lampshade out of porcelain as well as a socket with an integrated dimmable transformer made of brushed stainless steel. It breaks the soft K-meral line as it is angular shaped. Thus the SOFI Wall Lamp will gain special attention. The angular appearance is continued in the lighting motives too. This lamp creates an extraordinary play of yellow and orange light when switched on. Thus a warm diffuse light is created in the surrounding of the K-meral SOFI Wall Lamp.
