

Foscarini

Le Soleil Sospensione Halogen

Technical details

Kraj produkcji	 Włochy
producent	Foscarini
projektant	Vicente Garcia Jimenez
rok	2009
ochrona	IP20
zakres dostawy	Leuchtmittel/Bulb
napięcie	110 - 240 Volt
przydatność	
Średnica w cm	62
tworzywo	metal, poliwęglan
regulacja wysokości	wysokość ustalona
ściemnianie	na miejscu z funkcją ściemniania
baldachim Wymiary	16 cm
wydajność systemu	3 x E27 70 Watt + 1 x GU10 PAR 16 75 Watt (max.)
Dimensions	H 43 cm Ø 62 cm

Opis

The Foscarini Le Soleil Halogen is a pendant lamp designed by Vicente Garcia Jimenez. Its diffuser consists of polycarbonate and it is held by three ropes. This diffuser is in white. The light has three E27 illuminants plus one GU10 light source.

The cable length is by default 320 cm, on request also a lamp with a longer cable is offered. The Le Soleil is made of polycarbonate with an opaque finish. It is a material that screens the light perfectly to create particularly warm and pure reflected illumination. The volume is rendered more dynamic by the irregular edges of the bands of which the shade is made. These details recall the softness of the light and mean that it appears different depending on one's point of view. The lamp is also available with an integrated LED.
