

Anglepoise

Original 1227 Lamp with Wall Bracket

Oberfläche

- chrom
- czarny
- szary
- biały

Technical details

Kraj produkcji	 Wielka Brytania
producent	Anglepoise
projektant	George Carwardine
rok	2012
ochrona	IP20
zakres dostawy	LED 230 Volt
napięcie przydatność	110 - 240 Volt
Projekcja w cm	88
tworzywo	aluminium, tekstylny, topienie
długość kabla	200 cm
ściemnianie	na miejscu z funkcją ściemniania
pedestał/wersja	E27
Możliwość zmiany trybu	na smyczy
Moc (maks. W)	20 Watt
LED	łącznie
Średnica klosza	14 cm
wysokość abażur	16 cm
wymiana żarówek:	na miejscu
dystrybucja światła	bezpośrednio
Dimensions	H 55 cm

Opis

The Anglepoise Original 1227 Lamp with Wall Bracket is a wall lamp with a movable articulated arm. Thanks to proven tension spring technology, the articulated arm can be readjusted again and again. Cause of this, it also retains any set position. The wall mounted lamp is given additional flexibility by the rotatable and tiltable lamp shade. Both the lamp shade and the articulated arm are made of aluminum. The wall bracket is made of cast iron. Industrial designer George Carwardine developed the tension spring technology used in this lamp back in the 1930s. Since then it has been used in numerous Anglepoise lights. The surfaces bright chrome, linen white, dove grey and jet black are available. The lamp can be connected via a cable with plug. An on/off switch is integrated on the 200 cm long textile braided cable. The wall light can be operated with LED retrofit lamps or compact fluorescent lamps. A table base in the matching surface is included in the scope of delivery.
