<b>Strumień świetlny w lm</b>	1.462
<b>Temperatura barwowa w stopniach Kelvina</b>	2.700 extra biała ciepła
<b>baldachim Wymiary</b>	20 cm
<b>Dimensions</b>	H 49 cm   Ø 50 cm

### Opis

This Brokis Knot Sfera pendant lamp is supplied with a opal, hand-blown glass. On top of the glass, a reflector made of high quality metal is integrated. The reflector is handcrafted during production and is available in the following colours: black matt, brass, chrome black, brushed stainless steel and copper. The canopy is always in the same colour as the reflector. As a special feature of the Knot pendant lights, the natural coloured suspension cable extends through the whole light and is tied in a knot at the lower end. An LED with a colour temperature of 2,700 Kelvin extra warm white is integrated as the light source. On request, the pendant lamp is available as a not dimmable version. The Knot Sfera PC1016 is also offered in smoke grey, transparent or smoke brown glass.

If you like to order this article, please specify the length / distance between the ceiling and the lower edge of the lamp under the item Order Review in the field Order Comment.

Each light will be packaged and shipped with a quality paper envelope containing the installation manual, white cotton gloves for gentle handling of the light, a certificate of authenticity, and the BROKIS Small Catalogue. Upon opening the box, you'll find a QR code that will take you to a brief video on how to safely unpack your new light and get started as well as detailed information on how to properly clean BROKIS lights.
