Opis

The Foscarini Gregg Parete Media Semi 1 has a mouth-blown, acid-etched glass. The white satinised glass is curved to the right and its shape is reminiscent of half a Gregg Media lamp. Through the glass the light is emitted glare-free and evenly in all directions. The Gregg Parete Media Semi 1 has a width of 31 cm and a height of 25 cm. Its depth is 14 cm. The painted metal wall bracket is available in white, gold and graphite versions. The wall lamp has an E27 socket that can be operated with halogen lamps, LED retrofits or compact fluorescent lamps. The Gregg Parete Media Semi 1 is also offered as a MyLight lamp, which can be dimmed with the Casambi App via Bluetooth using a smartphone or tablet. In addition, there is also available from this series the Semi 2 with a glass curved to the left and the larger Grande wall lamp.
