

Knapstein

ELVI-W

Oberfläche

- chrom
- nikiel

Technical details

Kraj produkcji	 Niemcy
producent	Knapstein
projektant	Knapstein
ochrona	IP20
zakres dostawy	LED
napięcie przydatność	230 - 240 Volt
Głębokość w cm	12
tworzywo	mosiądz
Wskaźnik oddawania barw	>90
Temperatura barwowa w stopniach Kelvina	2.700 extra biała ciepła
Głowica lampy Wymiary	9 cm, wysokość 3 cm
wymiana żarówek:	u producenta / w fabryce
wydajność systemu	2 x 4,5 Watt
Całkowity strumień świetlny w lm	926
Dimensions	H 7 cm B 9 cm

Opis

The Knapstein ELVI-W wall lamp emits its light downwards through a lens. It is always glare-free and creates a wide light cone on the wall behind the lamp. The light is emitted upwards through a cover with slits in narrow light cones. A white satinised glass filter is available as an accessory, which can be integrated on the lamp head. With the glass filter, diffuse light is emitted upwards instead. The ELVI-W is available in matt nickel and chrome. The wall light has a height of 6.8 cm and a width of 9.3 cm. Its depth is 11.5 cm. Two LEDs, each with a colour temperature of 2,700 Kelvin extra warm white, are integrated as light sources.
